

Forest Service, USDA

§ 251.35

(b) All slash and debris resulting from the cutting and removal of timber shall be disposed of as directed by the Forest Officer in charge.

(c) Flowage and reservoir areas shall be cleared of timber and debris, in a manner satisfactory to the Forest Supervisor, or in accordance with a special agreement approved by him. Timber cut and destroyed in the exercise of the reserved rights shall be paid for at rates to be prescribed by the Forest Officer in charge, which rates shall be the usual stumpage price charged in the locality.

(d) The water surface created shall be open to the Forest Service and its permittees when such use does not interfere with the original purpose of the development.

(e) The water surface shall be open to fishing by the public in accordance with State laws when such use does not interfere with the original purpose of the development.

(f) Plans for dams and supplemental structures, impounding or controlling more than 10 acre-feet of water or with a head in excess of 6 feet, shall be approved by the Regional Engineer of the Forest Service before construction shall begin.

DESIGNATION OF AREAS

§ 251.23 Experimental areas and research natural areas.

The Chief of the Forest Service shall establish and permanently record a series of areas on National Forest land to be known as experimental forests or experimental ranges, sufficient in number and size to provide adequately for the research necessary to serve as a basis for the management of forest and range land in each forest region. Also, when appropriate, the Chief shall establish a series of research natural areas, sufficient in number and size to illustrate adequately or typify for research or educational purposes, the important forest and range types in each forest region, as well as other plant communities that have special or unique characteristics of scientific interest and importance. Research Natural Areas will be retained in a virgin or unmodified condition except where

measures are required to maintain a plant community which the area is intended to represent. Within areas designated by this regulation, occupancy under a special-use permit shall not be allowed, nor the construction of permanent improvements permitted except improvements required in connection with their experimental use, unless authorized by the Chief of the Forest Service.

PETERSBURG WATERSHED

§ 251.35 Petersburg watershed.

(a) Except as authorized in paragraphs (b) and (c), access to lands within the Petersburg watershed, Tongass National Forest, as described in the Act of October 17, 1940 (54 Stat. 1197), is prohibited.

(b) Access to lands within the Petersburg watershed is hereby authorized, without further written approval, for the following routine purposes:

(1) The discharge of official duties related to management of the Tongass National Forest by Federal employees, holders of Forest Service contracts, or Forest Service agents;

(2) The operation, maintenance, and improvement of the municipal water system by Federal and State officials and employees of the city of Petersburg; and

(3) Public recreational use of the Raven's Roost Trail for access to and from the Raven's Roost public recreation cabin and the Alpine Recreation Area.

(c) Any person who wishes to enter upon the lands within the watershed for purposes other than those listed in paragraph (b) must obtain a permit that has been signed by the appropriate city official and countersigned by the District Ranger.

(d) Unauthorized entrance upon lands within the watershed is subject to punishment as provided in 36 CFR 261.1b.

(e) The Forest Supervisor of the Stikine Area of the Tongass National Forest may authorize the removal of timber from the watershed under the regulations governing disposal of National Forest timber (36 CFR part 223). In any removal of timber from the watershed, the Forest Supervisor shall
